

What you'll study

You will be participating in the courses for second year undergraduate students in the School of Geography. This means:

- a) Participation in the core subject of 'Geographical Research' which addresses conceptual and methodological issues and debates and research practice in geography
- b) Choosing two out of the foundational courses called 'Space, Place and Society' (human geography), 'Earth System Dynamics' (physical geography) and 'Environmental Geography'
- c) Participation in one of the Optional Courses – examples include 'Transport and Mobilities' and 'Geographies of Nature' (subject to availability)

Why study Geography at St Anne's?

- St Anne's is a very international college, and this is also true of the Geography School. We have had students from the UK, Europe, Asia and North America and currently have tutors from the UK and Continental Europe. College teaching has a strong international orientation.
- Students' results in undergraduate exams have been very strong in recent years, and the College has a high tutor to student ratio.
- Tutors are internationally highly regarded scholars in different fields within the wider discipline and offer a unique combination of expertise in human, physical and environmental geography

How you'll be taught

- **Lectures** Typically 2 per week.
- **Tutorials** Typically 6 per term.
- **Classes** Typically 2 per term.

You can take this course for

| | |
|--|-----|
| The Full Academic Year | Yes |
| Hilary and Trinity terms only (January – June) | No |
| Michaelmas term only (October – December) | No |

Any additional information:

Geography at St Anne's is open to students in geography, environmental studies and urban planning.

Your tutors will be Dr Tim Schwanen, Dr Nick Middleton and Dr Kärg Kama. Tim is also Director of the Transport Studies Unit (TSU), which is one of the research institutes within the School of Geography and the Environment. Opportunities to contribute to one of the TSU's research projects can be discussed.
