College**
University of Oxford

Dilan Tank for Trea\$urer.

Hi, my name is Dilan Tank and I am a PPE student hoping to become your next JCR Treasurer. Interestingly, my college dad, Theo, is the current Treasurer and has had a successful year in the role and I would like to keep the responsibility within the college family*.

Enjoy this picture of me reading the financial rules in the JCR constitution →

*This view does not advocate nepotism lol.

I say: mo' money, mo'...

- Opportunities to secure funding for areas which are integral to the Anne's community – welfare, sports teams, arts, music, equalities, and subscriptions
- Opportunities to involve my friends who are running for other JCR positions in budget discussions ensuring that decisions are made by gaining consensus in the committee.
- Opportunities to use my super-scientific, graphical calculator. It is so good that I think it is banned in exams now.
- Opportunities to review the current spending with a focus on how to improve welfare and equalities.

In all seriousness, I would love to be the JCR's next treasurer.

I think it will be a great opportunity to consider adjustments in spending to ensure that every £ is being used to improve the experience of Stanners. I am confident that I could do a good job continuing the stability with finances with a few creative changes!
