

Vote Sofia for Charity Rep

A bit about me

Hi! I'm Sofia a first-year classicist and I am really keen to be your Charity rep for next year.

I've had an amazing time at St Anne's so far and would love to make a difference within college to help give back to the wonderful Oxford community.

I have organised and taken part in charity events ever since I was young and it's something I really enjoy doing, so would love to get involved.

Why vote for me?

Having been charity rep at school I have experience in organising and participating in fundraising events such as bake sales, sports events and volunteering.

I enjoy organising events and being creative. I think I could plan a number of events that would appeal to a wide range of people across college.

I am really keen to get as many people as possible involved in charity work. I'd love to work with the other reps in college or other colleges to ensure maximum participation.

Walking up Snowdon as part of the Three Peaks' Challenge

My ideas for the role

Create an anonymous survey to send to students at the beginning of the year, in which they can write about any charity work they are involved in locally. I would then make a report which could be emailed to students so they could be aware of the breadth of possibilities.

Set up a stall at the college freshers' fair to advertise local charities and make getting involved more accessible eg provide contact details.

Use social media, the weekly newsletter and the JCR president's address to advertise upcoming events and celebrate individual charity achievements of college members.

Liaise with other JCR members to create events that are appealing to as many people as possible, as well as good opportunities for fundraising eg charity bops, or sports/ music events.

Promote charity events organised by other colleges or societies.
