

Hi, I'm Zoë, a 1st year English student. I paint all the time and have ruined every carpet in my house and owe my parents a lot of money. Below are some of my quarantine paintings -

I want to run for arts rep because I really want Anne's students to easily access art on the side of their degree. I found it so frustrating that the only classes really that were offered on a regular basis to keep up art on the side was to draw nude people at John's and Christchurch.

I propose to work with the JCR to use some of the funding to have a few more workshops/classes outside of arts week that allow Anne's students to do that

I also want to support actors at Anne's if they require funding (and possibly even organise an open air performance at Anne's in summer)

With the funding I would really also love to SHOW how artistically talented Anne's is as a college and organise an in college exhibition not limited to art students, or allocate funding to the JAR which I know so many of you contributed to! I know so many of you are amazing photographers, videographers, writers and artists on the side and this would be so sick for college and for individual promotion
