

Will Allfrey for VP

Hi, I'm Will

I'm a second year mathematician
I'm running for Vice President to continue the
amazing work Holly has been doing

I believe in making sure everyone's
opinions and ideas are heard

As VP I would create an anonymous online
space for anyone to submit suggestions,
ideas, complaints, or ask questions

I love the community at St Anne's, and would
love to do everything I can to help run the JCR

As a mathematician I'd be good at the
logistical side of the role – sorting timetables,
helping organise events, etc.

I'm good at problem solving and thinking on
my feet, to manage unforeseen issues as
they arise

I've worked with the JCR committee as
fresher's helper, and will be able to continue
to work constructively as part of that group

I wonder if people still
think 2010 style Microsoft
WordArt is cool
