

# Fresher's Rep Manifesto

## Simon A-C

### About me

Hey, I'm a fresher studying chemistry. I love having a blast (excuse the pun, sorry). I'm from London, and as Vice Captain at my old school I organised prom and loads of other events, as well as founding the Environmental Impact Committee - so I have quite a bit of experience planning big parties! My talents include taking chemistry without more than 38 breakdowns, doing 1 hour of work in 10, replying to texts in 0.1s and making overly-specific playlists (I have one based on Florence Pugh's smile at the end of midsommar).

### Why should you vote for me?

- I'm awake pretty much 24/7, so I'm reachable any time.
- I'm Viv's college son.
- I make really good cocktails (I'm currently drinking a negroni whilst writing this).

### My Aims

- I plan to organise lots of cross-college entz and bops, so Anne's becomes the hub of socials to meet loads of new people.
- To make every fresher feel as though they have a choice of several weekly options of social events to attend, especially those from minority groups.
- To hear from you! I'm really open to actioning any ideas or complaints that people have.

### Why I should be Fresher's Rep

Having been here for 6 weeks, I have grown very fond of St Anne's. Like all of you, I have had waves of good and bad in this short time, but the community at Anne's has supported me through every step. The Fresher's Rep position will allow me to voice the qualms and opinions of everyone in the year group, and help to organise lots of events to widen and tighten the student body!
