

## Manifesto:

Hey! I'm Fabian and I'm running for International Rep. I have never lived in a country where I had residence, so I am definitely international, and I understand how difficult it can be to have to adapt to a new culture and environment. I want to make this transition as painless as possible for all new and visiting students! I am French and German, but have lived in many different countries, having arrived here from Mozambique. I also enjoyed some of the events put on for international students this year, which have inspired me to put on some more for next. It is

difficult to have events for international students due to them being in many different places, but I think having international students have an online meet up before term could help alleviate some of the stress. The welcome package is also a great way to make the 1<sup>st</sup> week a student has in Oxford much nicer, so I would be continuing that. Being very far away from my family was challenging for me, and I'm sure it can be the same for other students, so I would be working closely with the welfare rep to make sure enough support is given to those who need it. If you have any questions at all feel free to email me at [fabian.bourdeaux@st-annes.ox.ac.uk](mailto:fabian.bourdeaux@st-annes.ox.ac.uk)! I would happily respond.
