

JAKE FOR STUDENT UNION REP

Hi! I'm Jacob, but I go by Jake. I'm a first year History student living in Wolfson. When I'm not having an essay crisis I might be found playing sport (pretty terribly) or enjoying Oxford in the sunshine!

I was on school council in secondary school and successfully lobbied for a reduction in canteen food prices and more vegetarian options. This has led to me gaining a great appreciation for what students can achieve by working together and putting pressure on an institution.

My Pledges

To ensure that Stanners have a voice and that our views and interests are properly represented on the SU Council

Prominently publicise the issues on the SU's agenda and ensure that Stanners are kept up to date with what is happening in the SU. Including posting the date, time and location of each meeting and the motions being discussed

Ensuring that the JCR Committee discusses important SU Council votes and ensuring that the JCR has a vote on the motion to determine our stance

Increase Stanner engagement with the SU through promotion
