

Sam for IT officer

Hey, chances are that due to COVID you haven't seen me around college but in any case, I'm Sam, a first year Mathematics and Computer Science student and I would like to be the IT rep next year.

Me nerding out in NYC

Mandatory awkward matriculation photo

Why me?

As a computer science student, I have plenty of experience with computers and other technology and so would be well equipped to perform this role.

My aims as the IT officer:

To ensure that next year's Freshers have a smooth technological transition and help them with any issues that they face.

To speak to IT about the possibility of a separate unsecured network that could be used to connect IOT devices such as smart speakers that can't currently be connected to Eduroam.

To keep the JCR informed of any relevant changes to college IT policy especially those pertaining to security.

Another awkward photo, this time with a grater
