

VIV FOR PRESIDENT

St Anne's College
University of Oxford

About me

Hi, it's me again. My name is Vivian, I am a first year Law student applying for the position of JCR President. Apart from doing law stuff, I've spent most of my free time thinking about all the things I will do when lockdown is over – fingers crossed 21st June. During my short time at St Anne's, I have truly embraced the stanners experience and I would honestly love the opportunity to contribute to the warm, welcoming environment that makes Anne's a unique college.

My Aims

For the Anne's community

I will work to maintain the welcoming community that already exists at Anne's and strive to promote a greater level of inclusivity amongst the JCR.

Furthermore, I will work towards creating events whether virtual or in person that gives stanners a chance to meet other members of the college as I am aware that the restrictions put in place as a result of covid made it difficult for stanners to get to know and meet new people. In addition, I will ensure the revival of the Danson room (the JCR room).

For the freshers who missed out on the authentic fresher's experience

Liaising with the VP and other members of the JCR to ensure that there are opportunities that allow the incoming freshers and soon to be second years to gain a proper fresher experience where possible.

For the BAME community

As president I will ensure that there is a wide range of activities and events that reflects the cultural diversity at Anne's. I will also work with the access and welfare reps to ensure that the college maintains a safe and inclusive space.

For the wider community

Getting involved with the community outside of Anne's by working with charities in order to tackle key issues such as environmental pollution.
Fundraising for a different charity each term?

My experience

My previous position as a prefect and a head girl means that I have spent a lot of time organising activities and representing the interests of students. These roles have equipped me with leadership and organisation skills that will be beneficial for the position of JCR President.

Being the fresher's rep has been an insightful experience. It has given me the opportunity to communicate with the freshers and as a result of this I have a good understanding of the general concerns and opinions of the freshers. Furthermore, as the fresher's rep I effectively communicated with the current JCR president in order ensure that any questions and concerns of the freshers were effectively answered and resolved.

As a Law student, I have developed key skills in advocacy which I will use to ensure that the goals of the JCR are achieved.

I am approachable, understanding and always willing to listen. As your president I aim to do my very best to ensure that all students feel safe, respected and heard.

Vote Viv!!
