

Mbere for ethnic minorities rep !!!

Hi, I'm Mbere a fresher studying Earth Sciences. In my spare time I like to complain about food (especially the food served at the dining hall) and learning new languages. At the moment I speak 3 and a half languages (Italian, English, French and Spanish) and I'm in the process of learning a new one !!

Why should you vote for me?

Simple.

- 1) I was the secretary in my student council and a prefect, so I love writing emails and I'm good at multitasking and I'm organised.
- 2) I'm the current treasurer for the volleyball society so I'm quite good when it comes to handling money
- 3) I know what a relief it is to be around people that share similar experiences as you – I went from an all-white middle school in Italy to a very diverse secondary school in the UK so I can relate to anyone that might feel like they don't belong here

- 4) I'm very good listener and adviser

If I get elected...

- 1) I'll continue the amazing work that Kat did over the past year
- 2) I'll work with the LGBTQ+, Women and Welfare reps to make sure everyone feels safe and appreciated
- 3) I'll organize events and formals in college and in collaboration with other colleges for people of colour

Rocks of love Mbere
