

Tom Whitehead for Alumnae Relations

About me

I'm a first year Materials student living in Bev 1/2. I spend some time working, and even more procrastinating. I also respond to texts far too quickly so you'll always be able to reach me. I would love to be able to give back to St Anne's by becoming next year's Alumnae Relations Officer!

Why me?

I am very organised, always on time (mostly), and I was on my school's committee, so have lots of experience with teamwork and communication. I am passionate about improving the connection between the students and alumnae of St Anne's.

My Ideas

- Work with the St Anne's Society to improve the events offered to St Anne's Students.
- Increase the number of freshers' events before the start of Michaelmas, so that everyone can meet other students before they start.
- Give current students more opportunities to meet alumnae, through subject dinners, talks, and career workshops.
- Organise CV and interview workshops with alumnae.
