

# JHANAY ROWDEN FOR VISITING STUDENTS' REP

## Bio:

**Pronouns:** She/Her

**Hometown:** Fairfield, California, USA

**Visiting Uni:** Johns Hopkins University

**Email:** jhanay.rowden@st-annes.ox.ac.uk

## Who Am I?:

Hello everyone, I'm Jhanay! I'm visiting from the states, studying Biochemistry and Biomedical Sciences here at St. Anne's! Since I've been here I have had fun singing in the St. Anne's choir! I've also loved taking day trips to Blenheim palace, 2 hour trips to Opera Cafe to get an inordinate number of matcha lattes, and 30 minute trips to Bird and Blend to try a new tea flavor (I recently discovered I really love tea).

## Why Me?

I would be a good candidate for the role of visiting student rep because I have really enjoyed my time at Anne's and getting to know both the visiting students and some of the full-time students here! I can understand how difficult it is to get acclimated to a new environment (socially and academically) and empathize with the feelings associated with a big move. My experience balancing academic work and extracurriculars makes me reliable, forward-thinking, and comfortable taking initiative.

## Aims

- Effective and preliminary communication with visiting students about events, news, and anything else
- Serve as an approachable person for visiting students to express desires and concerns to no matter how big or small they think it may be
- Bridge gaps between visiting student groups and the full-time Stanners
- Represent the visiting students well when interacting with other members of the college, university, and with anyone on day-to-day basis :)

## Ideas

- Send out biweekly emails to visiting students with updates and reminders (more often when necessary)
- Create an open suggestions form for feedback throughout the year
- Organize events to celebrate the various cultures of visiting students together (Perhaps a multicultural music appreciation event and a tea with sweets and pastries from various cultures)
- Host a visiting students event in the spring to get to know the next group of students and integrate them into our community
- Further advertise St. Anne's community and JCR events to visiting students to encourage more participation and integrate into the social and academic community

VOTE JHANAY!
