

SHALINA FOR CHARITIES REP

Hello, I'm Shalina, a first year geographer, and I would love to be your charities rep next year! Over the years I have been involved with various charities and fundraising and in the future I would like to work for a charity or NGO. I know we are all very busy at uni, so I would like to make it as easy as possible to volunteer and raise money.

Some of my ideas:

- Make a document with volunteering opportunities, internships and careers across the university and Oxford
- Collaborate with the equal opportunities and environment reps to fundraise for relevant charities
- Organise group volunteering sessions at local charities and projects
- Highlight Stanners who are raising money for charity
- Continue running fundraising events like Pink Week karaoke

Why me:

- Part of my school's charities committee and helped to sew over 200 fabric masks to raise money
- Taken on numerous volunteering roles in the past including in a charity shop for over 2 years and helping with flood relief
- Recently raised £585 for Alzheimer's Society
- Doing an internship with the NGO 'PEAS' over the summer
