

Sara

*Equal
Opportunities*

**St Anne's
College**
University of Oxford

Who Am I?

I'm Sara (She/Her) and i'm running for equal opportunities rep. I'm a first year history and politics student, and i'm really passionate about making the college a better place.

I love St. Anne's for being a place i can be myself, as a queer woman with ADHD and Autism. These provide a lot of issues in oxford and I feel very respected and supported at college

What Will I Do?

I am running because i really want to be a friendly face people can approach! I love meeting new people and I love giving people **support**- be it in a club smoking area or friends around college

I want to work with the JCR equalities team to run good events and make sure everyone continues to feel **respected and included**.

I have experience running events at college and elsewhere, and would be able to provide any help or experience booking rooms and **organising events**.

As the treasurer of LGBTQ campaign, I have experience working with budgets and would make sure our limited JCR budget can work to the best!
