

Vote **Aimee** for Ethnic Minorities Rep!

About Me

Hi, I'm Aimee (she/her), a first year medic from Peterborough.

I would love to run for ethnic minorities rep to help continue creating a welcoming environment for Anne's students of colour.

I come from a majority white state school in a multicultural city so I understand the challenges that students of colour face.

Experience

- Was vice president of my school's medical society and was heavily involved in organising events for them.
- Volunteered for St John Ambulance for 4 years, love working with others and helping out in the community.
- Was House Captain at school, have experience in leadership and helping to resolve challenges that students of colour face.

Ideas

- Work with ethnic minorities reps from other colleges to organise joint events.
- Organise another **students of colour formal** (but hopefully subsidised this time!).
- Would love to organise a **culture fair** in the JCR to celebrate the different cultures represented at Anne's.
- Work closely with the domestic rep to organise special hall menus to **celebrate world holidays** such as Eid and Diwali.
- Work with the other equalities reps to provide **intersectional support** to Anne's students.
- Provide support to students of colour at Anne's.
