

VOTE RUBY

FOR JCR PRESIDENT

ABOUT ME

Hey! I'm **Ruby** (she/her), a first-year **Biologist** running to be your next JCR president. Aside from being preoccupied by **plants** and fangirling over **fungi**, you can often find me getting an incredible **STACS coffee**, or finding **cute dogs** in Uni Parks. Since arriving at Anne's, I have adored being immersed in our **friendly, non-pretentious** community atmosphere – **the vibes are truly immaculate**.

EXPERIENCE

Having been appointed **head girl, prefect** and **equality representative**, I have experience in organising student affairs and **listening** to the opinions of the community to ensure **all voices are heard**. Experience in **Model United Nations** conferences for advocacy of **women's rights** has developed my ability to **discuss** and **articulate ideas**, hence the strong, women-led history of Anne's resonates with me further. Since applying to Oxford as a **woman in STEM** and a **Crankstart scholar**, I have awareness of some of the unspoken difficulties of Oxford life. I am an **approachable, down-to-earth** and **open-minded** person, and therefore would be successful in this role.

VISION

My primary aims as JCR president are to **listen** to what the student body at Anne's needs and ensure absolute **clarity** and **transparency** in presenting the decisions made by the JCR.

In line with the **Anne's values**, I intend to maintain the **progressive** and **supportive** atmosphere that we all know and love by continuing the focus on **welfare** and **mental health**.

Reducing **environmental impacts** is something I am very **passionate** about as a Biology student. One aim as president would therefore be to make even more **eco-friendly** improvements to our college.

Maintaining our **legacy of inclusivity** is of paramount importance to me. Ensuring that **BAME, LGBTQIA+** and **international students, women** and those from **less advantaged backgrounds** feel a sense of community is a high priority, and I will work with **representatives** to achieve this.

Other aims as President would be to increase our **relationships** with other colleges and the wider **community**, working with **ENTZ** reps to plan great **socials** and revamping the **Danson room**.
