The College
One of the largest Colleges in the University of Oxford, with around 865 students, St Anne’s is known for being down-to-earth, ambitious, outward facing and collaborative. We aspire to understand the world and change it for the better.

Established in 1879 to enable women from all backgrounds to access an Oxford education, the College is committed to securing our legacy and future by being a diverse and inclusive community that is the home of choice for the brightest and most ambitious from all backgrounds, including those who may think that Oxford is not for people like them.

Our community includes undergraduate and graduate students, academics involved in world leading research and teaching, and staff from a wide range of professional backgrounds. Helen King, our Principal since 2017, is a graduate of St Anne’s who took on the role after a thirty-year career in policing, including as an Assistant Commissioner in the Metropolitan Police.

As a Charity and one of the more modern Colleges, our finances depend upon a diverse range of income streams including a successful vacation conference business and the generosity of our worldwide network of committed alumnae and donors.

At St Anne’s we are committed to sustainability and our collective responsibility to preserving the environment. We are working in support of the University of Oxford’s target of being carbon net neutral and biodiversity net gain by 2035. We expect all members of College to work towards these goals.

The Nursery at St Anne’s College
Recently rated Outstanding by Ofsted, St Anne’s College Day Nursery is a full-time day nursery, located in a purpose-built detached building and private garden within the grounds of St Anne’s College. It caters for up to 12 children (though it has permission to accommodate 13), aged 6 months to 5 years, and is open year round (8.45 a.m. to 5.15 p.m. Monday to Friday) except for three weeks in August, one week and a day during Winter Closure, and a week during Spring Closure.

The oldest day nursery within the University, St Anne’s Nursery was founded to provide childcare for Tutorial Fellows and other academics and staff of the College. It also offers places to children of students of St Anne’s, to University staff children, as well as to the wider community.
There are six members of staff in the Nursery. There is also a Nursery Fellow—a member of the College’s Governing Body who has overall responsibility for the Nursery. The Nursery Fellow is Chair of the Nursery Management Committee whose members support the Nursery Fellow, Manager and Deputy to manage the Nursery.

The Nursery has worked hard to create and develop a Forest School ethos; spending time in a natural environment is an important focus for our work. We pride ourselves on putting little to no expectations on children as they explore and experiment in the outdoors. We believe that making time for long periods of unrestricted play, while stepping away from the limited potential of planned and structured activities, gives the individual child more freedom to develop at their own pace.
