St Anne's College Catering

At St. Anne's College we are very aware of the need to look after the environment. We are mindful of sustainability and work towards an ethos based around seasonal food and sustainably sourced ingredients.

Our chefs pride themselves in creating delicious & imaginative seasonal menus with emphasis on fresh ingredients and sustainability, sourced locally whenever possible.

From large events to small private dinners, our dedicated and experienced team of Chefs are keen to advise and create your menu using what's available to them at the time and you to enjoy food of the highest quality and our friendly, courteous front of house team will offer advice on matching wines too. Please inform us of any food preferences, allergies or intolerances as soon as possible and we will endeavour to accommodate your requirements.

Please note – As our priority is sustainable sourcing and we are committed to using fresh, seasonal produce whenever possible, we require confirmation of final numbers, menu choices and dietary requirements 14 days in advance of your event.

If you are organising a conference or a meeting we can offer hot or cold buffets, working lunches, barbeques, fine dining lunches and dinners as well as morning coffees, afternoon teas and drinks receptions, these can all be catered for in various locations around the College site.

Location of meals especially lunches may vary and will be advised on the day of your event of the location – Dining Hall, Ruth Deech Building (RDB) or Quad Marquee(summer only).

The main dining areas are shared spaces with all other guests and separate tables will be reserved for each group. There is an additional fee for exclusive use of these areas and the conference and events team will be happy to advise on this.

If staying with us as a conference or B & B guest, you can also enjoy our delicious home cooked or packed breakfasts that varies daily – this will be available from Dining Hall, unless you have booked a working breakfast and our Conference & Events team will advise the private location at the time of booking.

STACS is our coffee shop onsite which can be booked by conference organiser in advance for delegates to 'chill out' in the evenings. Coffees, cakes and a small range of wines and beers are available. (Please note – there will be a £50 deposit for this option that will be refunded if delegates make purchases to this amount)

College Bar – this like STACS can be booked by conference organisers in advance for the evening where delegates can relax over a pint or G & T whilst challenging colleagues to a game of table football or quietly reflecting on the days course. (Please note – there will be a £50 deposit for this option that will be refunded if delegates make purchases to this amount)The bar can also be pre – booked for a drinks reception before dinner too.

Roof garden – This area can be pre booked (exclusive use – 15 – 20 people max.) for a unique drinks reception with views over the surrounding area.

We have many more options available so please take the time to browse through our Catering Conference Pack and hope you find something here to suit your needs, if you have any questions about anything our professional catering team are happy to advise and help you on what would work well for your event.

Sustainability at St Anne's

Local produce

We champion local produce using it wherever possible. We work closely with Good Food Oxfordshire to procure from local farms such as Oxford City Farm and Black Land Organics.

Italian deli

Our Italian produce comes from Table@Vallebona. Stefano Vallebona sources only from independent artisan producers around Italy

Fish

Our seasonal fresh fish is supplied by Stickleback who pride themselves on the relationships they have with many suppliers, processors and individual - fisherman in every corner of the United Kingdom, with buyers in various port markets.

Cooking oil

Our cooking oils are supplied by Olleco, industry leaders in sustainably reusing used oils for biodiesel. The exceptional quality of their biodiesel can completely replace fossil-derived diesel giving an 88% reduction in greenhouse gases.

Chocolate

The chocolate we use in our desserts is recognised for 100% sustainable farming and is cocoa horizons certified.

Cheese

We use British cheeses from The Jericho Cheese Company sourcing only independent produced cheese around the UK, Italian cheeses from Table@Vallebona who select cheeses from independent artisan producers, other UK cheese and Spanish from Fisher & Woods.

Keep cups

We offer keep cups. There is enough plastic in 20 disposable cups to make 1 keep cup.

Kitchen

Our main kitchen where 95% of the food is cooked and prepared is fully electric. Powered by Scottish Power's 100% renewable sourced energy tariff.

Imported vs UK produce

We consider miles traveled by produce not only for environmental reasons but the quality of the produce after the journey. If something cannot be produced in the UK then this is when we look to imported produce with aim to keep the origin as close to the UK as possible.

Coffee

UE Coffee supplies our coffee who source beans ethically around the world.

Milk

We only use milk that is British Red Tractor certified.

Meat

The meat we use is mainly sourced from local family run butchers Alden's. We only source red meat reared in the UK, some of which is reared on the Alden's family farm. The poultry we use is also UK reared. Only corn fed chicken, duck and guinea fowl is imported from France.

Fresh eggs

All of our fresh eggs are British free-range from Mayfield Farm in Oxfordshire just 11.4 miles away.

Dear Conference Organiser,

The College bar can be requested prior to your event taking place, giving your delegates a place to chill out together in a unique student bar environment!(Please note – there will be a £50 deposit for this option that will be refunded if delegates make purchases to this amount)

It has an extensive range of draught and bottled beers, spirits and soft drinks, at prices cheaper than the local pubs, which can be supped whilst challenging colleagues to a game of pool, table football, darts or just chilling watching tv or listening to the juke box.

The bars normal opening hours are 1900 – 2300hrs with 20 mins drinking up time, however we can offer flexible opening (booked prior to the start of your event), for example you may want to offer your guests a pre-dinner drink before dinner rather than giving a more formal drinks reception.

There is the option of either adding the cost of the drinks to your main account/invoice or if you prefer and funds are tight, we can take payment from your individual guests via credit/debit card only as we are a cash free College.
