What subjects can you study in which terms?

Oxford teaching is divided into **three eight-week terms; Michaelmas, Hilary and Trinity terms**. At St Anne's we also offer teaching to visiting students during September who apply for the Fall Term or the extended academic year.

All subjects have a preference for extended academic year or academic year study, and some are only available for the academic year. If you cannot study abroad for a full academic year then you can apply for shorter study durations, please be aware there are limited options to study sciences in the spring.

Subject	Fall term (Sept-Dec)	Extended academic year (Sept-June)	Academic year (Oct-June)	Hilary and Trinity (Jan-June)
